

## Safety Data Sheet

### 1. Product and company identification

Product name : Tartaric acid solution (50%)  
Name of manufacturer : KANTO CHEMICAL CO., INC.  
Address : 2-1, Nihonbashi, Muromachi 2-Chome, Chuo-Ku, Tokyo, 103-0022, Japan  
Name of section : Electronic materials division technical department  
Telephone number : +81-3-6214-1080  
Facsimile number : +81-3-3241-1043  
Mail address : el-info@kanto.co.jp  
SDS No. : GE00498

### 2. Summary of danger and Hazard

#### GHS classification

##### Physical and chemical hazard

Flammable liquids : Out of category  
Pyrophoric liquids : Out of category  
Self-heating substances and mixtures : Out of category

##### Human health hazard

Acute toxicity(oral) : Out of category  
Skin corrosion/irritation : Category 1  
Serious eye damage/eye irritation : Category 1  
Specific target organ systemic toxicity(repeated exposure) : Out of category

#### Pictogram or symbol

Signal word : Danger  
Hazard statement : Causes severe skin burns and eye damage  
Causes serious eye damage

#### Cautions

Safety measurements : Do not breathe dust and mist.  
Wear appropriate protective gloves, glasses, clothing, face shield, or mask.  
Wash protective equipment thoroughly after use.  
First-aid measures : If inhaled : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical treatment if you feel unwell.

If swallowed: Rinse mouth, do not induce vomiting. Immediately get medical treatment.

If in eyes : Rinse cautiously with water for several minutes. Get medical treatment.

If on skin : Remove contaminated clothing and the substance. Immediately get medical treatment.

Storage : Store locked up.

Disposal : Dispose of contents and containers appropriately in accordance with related regulations.

### 3. Composition/Information on ingredients

Substance/Mixture : Substance

Chemical name or commercial name

: L(+)-Tartaric acid

Ingredients and composition

: Water solution contains 50% L(+)-Tartaric acid

Chemical formula :  $\text{HOOC}(\text{CHOH})_2\text{COOH}$

CAS No. : 87-69-4

TSCA Inventory : Registered

EINECS No. : 2017660

### 4. First aid measures

Inhalation : Remove the victim to fresh air, and make him blow his nose and gargle.

Skin contact : Wash the affected areas under running water.

Eye contact : Wash the affected areas under running water. If necessary, get medical treatment.

Ingestion : Give the victim water. If necessary, get medical attention.

### 5. Fire fighting measures

Extinguishing media : This product is noncombustible.

Prohibited extinguishing media

: None

Particular fire fighting : Move containers from fire area if it can be done without risk, if not possible, apply water from a safe distance to cool and protect surrounding area.

Protection for firefighters

: Firefighters should wear protective equipment.

### 6. Accidental release measures

Cautions for personnel : Wear proper protective equipment and avoid contact with skin or inhalation of vapor.

Removal measure : Absorb spill with inert material (e.g., diatomaceous earth, sand) and flush spillage area with copious amounts of water.

### 7. Cautions of handling and storage

Handling

Engineering measures : Wear proper protective equipment to avoid contact with skin or inhalation of vapor.

#### Storage

Adequate storage condition

: Store in a dark, cool place and tightly closed.

Safety adequate container materials

: Glass, polyethylene, polypropylene

#### 8. Exposure control/Personal protection

Engineering measures : Use with an enclosed system or a local exhaust ventilation.

Control parameters

ACGIH(2015) : Not established

Protective equipment

Respiration protective equipment

: Not necessary

Hands protective equipment

: Impervious protective gloves

Eyes protective equipment

: Safety goggles

#### 9. Physical and chemical properties

Appearance : Liquid

Color : Colorless

Odor : Odorless

pH : Strong acidity

Boiling point : Not available

Melting point : Not available

Flash point : Noncombustible

Density : Not available

Solubility

Solubility in solvents : Water ; Miscible

#### 10. Stability and reactivity

Stability : Stable under normal conditions.

Reactivity : May react with alkaline substances.

Incompatible conditions : Light, heat

Incompatible materials : Alkaline substances

#### 11. Toxicological information

Acute toxicity : Oral : Out of category

Dermal : Not possible to classify because of insufficient data.

Inhalation(vapor) : Not possible to classify because of insufficient data.

Inhalation(dust, mist) : Not possible to classify because of insufficient data.

oral LD50=8634mg/kg (as calculated value)

Skin corrosion/irritation : Causes severe skin burns and eye damage(category 1)  
Since the solution is acidic and causes severe irritation to the skin,  
it was classified into category 1.

Serious eye damage/eye irritation  
: Causes serious eye damage(category 1)  
Since the solution is acidic and causes severe irritation to the eyes,  
it was classified into category 1.

Respiratory sensitization or Skin sensitization  
: Respiratory sensitization : Not possible to classify because of  
insufficient data.  
Skin sensitization : Not possible to classify because of insufficient  
data.

Mutagenicity : Not possible to classify because of insufficient data.

Carcinogenic effects : Not possible to classify because of insufficient data

Effects on the reproductive system  
: Not possible to classify because of insufficient data.

Specific target organ systemic toxicity single exposure  
: Not possible to classify because of insufficient data.

Specific target organ systemic toxicity repeated exposure  
: Out of category

Aspiration hazard : Not possible to classify because of insufficient data.

## 12. Ecological information

### Ecotoxicity

Fish toxicity : Acute aquatic toxicity : Not possible to classify because of  
insufficient data.  
Chronic aquatic toxicity : Not possible to classify because of  
insufficient data.

### Persistence and degradability

: Not available

Mobility in soil : Not available

## 13. Disposal consideration

Residual disposal : Dilute with copious water and adjust the pH to neutral, then flush in  
drains. Or entrust approved waste disposal companies with the  
disposal.

Containers : In case of disposal of empty bottles, dispose bottles after removing  
the content thoroughly.

## 14. Transport information

UN class : It is not regulated under UN regulations.

## 15. Regulatory information

Ensure this material in compliance with federal requirements and  
ensure conformity to local regulations.

## 16. Other information
